Going forward, the company will present total revenues and will no longer report revenues before reimbursements. This will affect ratios calculated as a percentage of revenues, such as operating margin. Additionally, certain components of pension costs will be reclassified from

operating expenses to non-operating expenses. Prior-period results will be revised to reflect the fiscal 2019 presentation. Revised fiscal 2018 results are available at investor.accenture.com.

Accenture's business outlook for fiscal 2019 and comparisons to fiscal 2018 include the impact of these new standards, as well as the impact of adopting a new tax accounting standard: ASU No. 2016-16: "Income Taxes" (Topic 740).
